School Accessibility Plan

Date: July 2022

Review date: Summer 2023

Aims

Schools are required under the Equality Act 2010 to have an accessibility plan. The purpose of the plan is to:

- Increase the extent to which disabled pupils can participate in the curriculum
- Improve the physical environment of the school to enable disabled pupils to take better advantage of education, benefits, facilities and services provided
- Improve the availability of accessible information to disabled pupils

Kingsway Community Trust has high ambitions for its disabled pupils and expects them to participate and achieve in every aspect of school life. We have a caring, supportive ethos that seeks to value all individuals and treat them fairly and with respect. Our Trust promotes equality of opportunity for disabled people: pupils, staff, parents, carers and others who use the school.

By promoting a positive attitude towards disabled people we aim to eliminate discrimination and harassment related to disability and thereby fulfil an essential component of our ethos.

Kingsway Community Trust are committed to providing an environment that enables full curriculum access that values and includes all pupils, staff, parents and visitors regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs.

The plan will be made available online on the school website, and paper copies are available upon request.

The Trust is also committed to ensuring staff are trained in equality issues with reference to the Equality Act 2010, including understanding disability issues.

The Trust's complaints procedure covers the accessibility plan. If you have any concerns relating to accessibility in school, this procedure sets out the process for raising these concerns.

Under the Equality Act 2010 we have a duty not to discriminate against people on the basis of their age, disability, gender, gender identity, pregnancy or maternity, race, religion or belief and sexual orientation.

This policy has been equality impact assessed and we believe that it is in line with the Equality Act 2010 as it is fair, it does not prioritise or disadvantage any pupil and it helps to promote equality at this school.

The Trust Board will ensure, that in the cycle of policy reviews, that policies and practices are scrutinised to identify the effects they have on individuals or groups of people in relation to equality.

Legislation and guidance

This document meets the requirements of schedule 10 of the Equality Act 2010 and the Department for Education (DfE) guidance for schools on the Equality Act 2010.

The Equality Act 2010 defines an individual as disabled if he or she has a physical or mental impairment that has a 'substantial' and 'long-term' adverse effect on his or her ability to undertake normal day to day activities.

Under the Special Educational Needs and Disability (SEND) Code of Practice, 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'. The definition includes sensory impairments such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer.

Schools are required to make 'reasonable adjustments' for pupils with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a disabled pupil faces in comparison with non-disabled pupils. This can include, for example, the provision of an auxiliary aid or adjustments to premises.

It is a requirement that the Trust's accessibility plan is resourced, implemented and reviewed and revised as necessary.

The Accessibility Plan shows how access is to be improved for disabled children, staff and visitors to the schools within a given timeframe and anticipating the need to make reasonable adjustments to accommodate their needs where practical.

Attached is a set of actions showing how the Trust will address the priorities identified in the plan.
